HISTORY PROJECT LAUNCH

ANN ARBOR CENTER FOR INDEPENDENT LIVING
AACL NEWSLETTER
Creating Access to the Future

VOL. 1, No. 1

Purpose
This Newsletter is being published to provide a closer look at the Ann Arbor Center for Independent Living and a wide range of developments in the "handicapped community."
The Newsletter will print information on service providers, employees within the community, and business concerns. It will also attempt to address our clients' environmental and business concerns. To meet our needs and beliefs. To make a short — this is a communication medium — one concerned with the content of independent living. We will spotlight legislation, funding information, and everyday activities of the Ann Arbor Center for Independent Living.

To celebrate our rich history, we've created a beautiful history project, featuring photos, stories, moments, and assorted ephemera from our 50 years of promoting access and independence for all.

We're also looking ahead to the future by building a time capsule! Please bring small disability-related or Disability Network-related items that will show future advocates what living with a disability was like in 2026.
