

Advocacy Summit

Planning for Affordable, Accessible Housing

We're giving people with disabilities a chance to make their stories heard for housing advocates and the wider community, and for all of us to learn about the impacts of local policy and advocacy.

Join us for a panel-style event where we will explore current barriers to housing for people with disabilities and what Michigan communities are doing to create affordable, accessible, and transit-oriented housing.

Friday, October 16, 2:00–4:30 PM
